In response to your letter dated August 10, 2004 our Committee filed a 48 hour notice disclosing a "last minute" contribution from Gillette Co. PAC on 5/21/04 in the amount of \$2500. That report was a duplicate of an earlier 48 hour report. Our Committee received only one contribution from Gillette Co. PAC in the amount of \$2500 which was reported on the 48 hour report on 5/23/04 and then correctly reported on the July Quarterly filing. The following checks on Schedule A of the July Quarterly report were reported incorrectly: Automotove Aftermarket PAC (\$1000), Bayer Corporation PAC (\$1000), Bayer Corporation PAC (\$1000), Plum Creek Timber Co. Good Govt. Fund (\$1000), Associated Milk Producers PAC (\$1500) and UBS Americas (\$5000). The dates on the July Quarterly report were the date the checks were written not the date they were actually received by the Committee. An amended report has been filed (FEC-134082) reflecting the correct dates which will show they were received after the 48 hour notice period. The check from Eleanor Taylor for \$1000 received on 5/28/04 was not reported on the 48 hour, but should have been. It was correctly reported on the July Quarterly Report. Procedures have been reviewed to allow more accurate reporting during the 48 hour period. The errors on Schedule B of the July Quarterly Report listed in your August 10, 2004 letter (reimbursements to individuals in excess of \$200 and failure to include an address) have been corrected in the amended report FEC-134082
